# The Tell-Tale Heart

## Synopsis

It was the eye. The dull, sightless, vulture's eye that shredded his final nerve. But the murder was done so carefully, so perfectly, that only one thing could reveal the whereabouts of the body. B. J. Harrison gives a masterful reading of the famous murder that wouldn't keep quiet. This audiobook was the #3 best-selling audiobook in 2008 at the iTunes Music Store!

in Books > Literature & Fiction > Poetry > Regional & Cultural > United States #295 in Books >  
Audible Audiobooks > Fiction & Literature > Classics

## Customer Reviews

"The Tell-Tale Heart" is probably Poe's most memorable story to come to my mind. The single eye is vivid and strong, and stays with me long after I finished reading. And the Kindle edition is very well-edited. I recommend this to anyone who has a Kindle, who love good literature, and who love Poe as well.

The Tell Tale Heart is a great book. I do not recommend it to younger audiences, though, because it has very old English that kids may not understand. If you really like Edgar Allan Poe, you should read The Black Cat. I give this book four out of five stars because, unlike other Poe stories, it isn't very descriptive. Other than that, it was awesome. I hope this helped.

You can't go wrong with this short story about two men. One elderly and one insane. There's a reason Poe is called "The Master of Macabre"! This story is dark and suspenseful.

You might be able to find it for free but you have to listen to B.J Harrison he brings story alive with

his portrayal of the mad man its a must buy

A beautify written classic with a terrorizing plot about madness and the insanity of the human race it will always be classic.

I liked pretty much the whole thing of the book but some of it was a mystery oh well all that matters is it was a great book.
