Customer Reviews

I can say that this is the right book for someone who loves Taylor Swift and is at a beginning level. I picked up 10 different Taylor guitar books from the library and my daughter tried each and only used this one after. She is playing daily with enthusiasm and it's because in part to her being able to play music she likes easily. I highly recommend. Unsure why 4 star ratings come from people who love it.

it has great songs so I have no complaints their. I'm always looking for song books that are pretty easy being I'm not the best guitar player. I always watch for easy guitar books. I feel you better not be a rookie if ordering this song book being I did not think it was that easy I put it awat till I get a little better at playing

Great book for a beginning player who lover Taylor Swift.
