Author Sage Cameron presents yet another book to help us get the most out of life – books whose subject are DATING, MOTIVATION, SELF CONFIDENCE and now IMPROV. This particular book sounds as though it should be a guide for stand up comedians rather than a general self-help book – until you read all 28 pages of it. Then you will appreciate how Sage™ is his compulsory mission to helping his readers to overcome those obstacles that can trip us and defer pleasure. In his Introduction Sage outlines his concept on IMPROV: Improv is a very popular form of theater performance where actors create a show on the spot with ad-lib dialogs and impromptu scenes based on audience suggestion. This form of unscripted and unrehearsed entertainment has captured the interest and following of a wide range of audience because of its spontaneity and endless possibilities and varieties. People have been amazed by how improv actors create the

magicâ • to pull off a successful and excellent performance without following any rules and relying solely on intuition and gut feeling. Well, hereâ™s the secretâ | thereâ™s no magic in improv!
Itâ™s not true that improv has no rules! In fact, actors live by a number of concepts and disciplines in improv, known as Improvisational concepts!â™ Sage leads us through his thought patterns with the following divisions: Improvisation: Spontaneous Power and Limitless Control; Building Positivity and Opportunities with â œYes, Andâ |â •; Seeing More Angles and Being â œIn The Momentâ • with CROW (Character, Relationships, Objectives, Where); â œRaise the Stakesâ • by Taking Risks and Following Fear, Looking Good and Feeling Good by â œMaking Others Look Goodâ •; and Improving Your Life With Improvisation.
