## Customer Reviews

I've been playing piano for most of my life, and I'd consider myself at a moderate level. The music in

this book is at a perfect difficulty level for me. It isn't too tough, but it isn't easy enough to play it perfectly on the first sitting. You'll have to practice the songs for a bit (but not too long), but once you get it down it all sounds brilliant. It perfectly captures the essence of Hans Zimmer's awesome music, and including a wide range of his music from Gladiator to Man of Steel. I would have preferred some different songs to some of the ones included, but that's just me. All in all, you'll have a blast playing through it all.

Great sheet music for the intermediate piano-playing fan of Mr. Zimmer. Good selection from a wide variety of films. Only complaint is that the pieces are ordered alphabetically by title, and not by movie or in chronological order. A wonderful purchase!

Our daughter asked for this to help her continue in her piano practice. It was an excellent buy!

Ordered this item as a gift. My friend loved it. Great for movie soundtrack gurus.
