## Customer Reviews

Excellent selection of content, plus audio. Obviously, to be able to hold a fluent conversation, the vocabulary should be internalised through abundant and effective practice. This book is a good starting point, but it requires a suitable follow-up -- supplementary material based on it. I'm a teacher of English as a foreign language whose mother tongue is Spanish. I choose expressions from this book according to the kind of vocabulary I need to hold a given conversation and construct several sentences using variants of the particular underlying expression. By the way, to aid memorization, a good application like Anki (obtainable free of charge on Internet) or simply self-made flashcards can help.
